FY 2012-13 General Fund Budget Overview and Worksheets

<u>Like an electronic version?</u> This document and an Excel spreadsheet for calculating general fund limits are posted on the OPI website at http://www.opi.mt.gov/ under <School Finance>.

This is an overview of general fund budgeting requirements for Montana school districts. It contains a narrative summary of laws and procedures for setting general fund budget limits and funding for the school year 2012-13.

TIMELINE

This list is not all-inclusive. For a more detailed calendar, see the **School Accounting Manual**.

March 1, 2012	Preliminary Budget Data Sheets sent from OPI to districts and County Superintendents (MCA 20-9-369)
April 25, 2012	Districts that intend to consolidate/annex effective July 1, 2012 must notify OPI.
May 1, 2012	FY 2012-13 revenue estimates for coal gross proceeds sent to districts and to County Superintendents from the Department of Revenue (MCA 20-9-141(4)).
May 8, 2012	Election Day. Trustee election and general fund budget election, if needed, must be held. Other school elections may be set at times determined by the trustees (MCA 20-20-105). (See MASBO Election Calendar)
By May 25, 2012	FY 2011-12 School facility reimbursement payment to eligible districts sent to County Treasurers for deposit in district's debt service fund (MCA 20-9-346(2)(c)).
June 22, 2012	Final FY 2011-12 direct state aid and state special education payment to schools and cooperatives (MCA 20-9-344).
June 30, 2012	Fiscal year-end 2011-12 (MCA 20-1-301).
July 20, 2012	County Treasurer reports final cash balances and bond information for the school year ended June 30 to each district. (MCA 20-9-121)
Between July 1 & August 10, 2012	Clerk publishes notice of final budget hearing (MCA 20-9-115).
By August 6, 2012	County Assessors deliver taxable valuation information to County Superintendent (1st Monday in August) (MCA 20-9-122)
By the date the final budget is adopted	Last day to hold an election for approval to establish a Building Reserve Fund Levy (61), Technology Levy (28), or Flexibility Fund Levy (29). (OPI RECOMMENDS ALL ELECTIONS BE HELD NO LATER THAN AUGUST 1 TO ALLOW ADEQUATE TIME FOR CANVASSING VOTES, ETC.)
On or before August 20, 2012	Trustees meet to consider all budget information (MCA 20-9-131(1)).
Not later than August 25, 2012	Final budget adopted by trustees (MCA, 20-9-131(2))

TIMELINE (continued)

By August 15, 2012	Trustees submit FY 2010-11 Trustees' Financial Summary (TFS) to the County Superintendent (MCA 20-9-213 (6)).
By August 28, 2012	Trustees submit the final adopted budget to the County Superintendent within 3 days of adoption. (20-9-131, MCA)
By September 4, 2012 or 30 calendar days after receiving taxable values	Levy requirements reported to county commissioners by County Superintendent (MCA 20-9-141) (1 st Tuesday in September)
By September 6, 2012 or 30 calendar days after receiving taxable values	Levies fixed by county commissioners (MCA 20-9-142) Superintendent (MCA 20-9-141) (1 st Thursday in September)
September 15, 2012	*FY 2012-13 Final Budget and FY 2011-12 Trustees' Financial Summary (TFS) due to OPI from County Superintendent (MCA 20-3-209, 20-9-134)

^{*}NOTE: MAEFAIRS System electronically accepts Trustees' Financial Summary and Final Budget on the same date.

OVERVIEW OF GENERAL FUND BUDGETING LAWS

This is a summary of the major budget laws for the general fund.

AVERAGE NUMBER BELONGING

Average Number Belonging (ANB) for each district is derived from the October Student Count For ANB reported to OPI on the Fall Student Count For ANB Report and the February 1 Student Count For ANB reported to OPI on the Spring Student Count For ANB Report. Prekindergarten students are excluded from the ANB calculation (Note: a student who has reached the age of 5 on or before September 10 and is enrolled in a kindergarten program but is receiving services in a pre-school environment pursuant to an individualized education program, is reported as a kindergarten student and is included in eligibility for purposes of ANB) and kindergarten students are included as one-half, if in a half-time kindergarten program. Students are counted as one quarter time enrollment for 180-359 aggregate hours of pupil instruction per school year, one half time enrollment for 360-539 aggregate hours of pupil instruction per school year, three quarter time enrollment for 540-719 aggregate hours of pupil instruction per school year, and full time enrollment for 720 or more aggregate hours of pupil instruction per school year. Students who turn 19 years old on or before September 10 of the school year are not counted for ANB.

Enrollment is aggregated for all schools of a district for purposes of determining ANB. However, the law provides for grouping ANB into separate "budget units" for funding purposes when schools within a district are at least 20 miles apart or when conditions exist that would create an unusual hardship for transporting students to another school.

A school district is allowed to use current year ANB or 3-year average ANB for each budget unit by level (elementary or high school), whichever generates the greatest Maximum general fund budget. "Current year ANB" means the ANB for the budget unit for the ensuing school fiscal year. "3-year average ANB" means an average ANB over the most recent 3-year period, calculated by adding the current year ANB to the current ANB for each of the previous two school fiscal years, dividing the sum by 3, and rounding up to the next whole number. "Budgeted ANB" means the ANB used on the final general fund budget for a district. Depending on the calculations performed under MCA 20-9-311, the budgeted ANB will be either the current ANB or the 3-year average ANB.

SEPARATE BUDGET UNITS

Enrollment is generally aggregated, or combined, for all schools of a district. The unit of aggregated enrollment used to determine ANB funding is called a "budget unit." When a school is 20 miles or more from another school of the same district and more than 20 miles beyond the incorporated limits of a city located in the district, the school is funded as a separate budget unit. Separate budget units are established only with the approval of the Office of Public Instruction.

Districts with a school 20 or more miles from another school within the district receive an additional "basic entitlement" (MCA 20-9-311(8)(a)(iii)

The provisions in law for separate budget unit status should not be confused with an "isolated" school. Pursuant to MCA 20-9-302, the trustees of any district operating an elementary school having fewer than 10 ANB or a high school of less than 25 ANB for 2 consecutive years shall apply to have the school classified as an isolated school. Once approved, isolation status applies

for a three-year period if budget limit ANB remains under 10 for an elementary or 25 for high school.

<u>CONSOLIDATION "BONUS"</u>: Districts that consolidate or annex are entitled to maintain funding for separate budget units for each district for up to three years. After three years, districts retain a percentage of the basic entitlement for an additional three years as follows: 75% of the basic entitlement in the fourth year, 50% of the basic entitlement in the fifth year, and 25% of the basic entitlement in the sixth year. (MCA 20-9-311(8)(a)(iv))

BASIC ENTITLEMENT AND PER-ANB ENTITLEMENT

The basic and per-ANB entitlements, along with the district's funding components and special education funding, define the BASE and Maximum general fund budget limits.

The **basic entitlement** is a fixed amount of \$23,402 for an elementary district, \$66,275 for an approved and accredited junior high school program, 7th and 8th grade program, or middle school, and \$260,099 for a high school district. When an elementary district has an approved 7th-8th grade program, the district adjusts its per-ANB entitlements to reflect the portion of its entitlement calculated at the high school funding rates.

The **per-ANB entitlement** varies based on the total number of ANB in the district. "Total per-ANB entitlement" means the district entitlement resulting from the following calculations using current year ANB or the 3-year average ANB for all budget units, whichever generates the greatest maximum general fund budget.

An elementary district or the elementary program of a K-12 district without an accredited 7th-8th grade program has a basic entitlement of \$23,402 plus a per-ANB entitlement of \$5,034 decreased at a rate of \$0.20 per-ANB for each additional elementary ANB up to 1,000 ANB. For each ANB over 1,000, the district per-ANB entitlement is \$4,834.20

For an elementary district or the elementary program of a K-12 district with an approved and accredited junior high school, 7th-8th grade program, or middle school, the basic entitlement is \$23,402 for kindergarten through grade 6th and \$66,275 for an approved and accredited junior high school, 7-8th grade program, or middle school. The per-ANB entitlement is \$5,034 for each K-6 ANB decreased at a rate of \$0.20 per-ANB for each additional K-6 ANB up to 1,000 ANB. For each K-6 ANB over 1000, the district per-ANB entitlement is \$4,834.20. For 7th-8th grade ANB, the district per-ANB entitlement is \$6,444 per-ANB decreased at a rate of \$0.50 per-ANB for each additional 7th-8th grade ANB up to 800. For each 7th-8th grade ANB over 800, the district per-ANB entitlement is \$6,044.50

A high school district or the high school program of a K-12 district receives a **basic entitlement** of \$260,099. Its **per-ANB entitlement** is \$6,444 decreased at a rate of \$.50 per-ANB for each additional high school ANB up to 800 ANB. For each ANB over 800, the district per-ANB entitlement is \$6,044.50.

ADDITIONAL FUNDING COMPONENTS

In FY12 and FY13, schools receive four additional funding components, which expand the general fund. These components are 100% funded by the state in the BASE portion of the district general fund budget.

Quality Educator Payment – Each school district and special education cooperative will receive a \$3,042 payment for each full-time equivalent (FTE) licensed educator and for other licensed professionals employed by the school district, including registered nurses, licensed practical nurses, physical therapists, speech language professionals, counselors, occupational therapists, nutritionists, licensed social workers, and licensed psychologists. The source of the data for the count of FTE staff is the Annual Data Collection (October 2011).

Indian Education for All Payment – Each district will receive an Indian Education for All payment to implement the provisions of the Montana constitution (Article X, section 1(2)) and the statutory requirements for the recognition of American Indian cultural heritage (MCA 20-1-501). The Indian Education for All payment is the greater of \$100 for each district or \$20.40 per ANB.

American Indian Achievement Gap Payment – A school district will receive \$200 for each American Indian student enrolled in the district. The payment for FY2012-13 will be based on the count of American Indian students reported by the district to the OPI through the Achievement In Montana (AIM) system in October 2011.

At-Risk Payment – The legislature appropriated \$5 million for FY2012-13 for distribution to public schools to address the needs of at-risk students. The money is to be distributed in the same manner as Title I monies are distributed to schools. For FY2012-13, OPI will base the distribution of this payment on FY2011-12 Title I allocations paid to school districts.

STATE FUNDING FOR SPECIAL EDUCATION COSTS

The state's special education funding is allocated in:

- two block grants for districts, based on ANB
- reimbursement for disproportionate costs to districts, and
- an additional administrative/travel costs payment to cooperatives.

Block grants are based on the **current year ANB** of a district. ANB generally includes children served in regular and special education programs.

Each district that: a) operates a special education program (i.e., has a resident student reported on the most recent special education child count); b) belongs to a special education cooperative; or c) has a signed written agreement with another public entity to provide instructional services to children with disabilities is eligible to receive block grants based on current year ANB. [If one or more of the above are true, a "Yes" appears on Line 7 of the Budget Data Sheet indicating eligibility status.]

The **Instructional Block Grant (IBG)** per **current year ANB** is sent to each qualified district. The district must "match" the block grant by spending \$1 of local money for every \$3 received

in the Instructional Block Grant. The matching funds and the block grant are spent for allowable special education costs in accordance with section 20-7-431, MCA.

Each qualified district will also be allocated a **Related Services Block Grant (RSBG)** amount per **current year ANB**. If the district is a member of a special education cooperative, the district's Related Services Block Grant will be sent directly to the cooperative from OPI. The district must "match" the block grant by providing \$1 of local revenue for every \$3 received from the state Related Services Block Grant.

The match is required whether the district or its cooperative receives the related services block grant directly. If the district is a member of a cooperative, the district transfers the match for the Related Services Block Grant to the cooperative and records it as an operating transfer in the district's general fund. Again, the matching funds must be spent only for allowable special education costs in accordance with 20-7-431, MCA.

If certain conditions are met, a district will be eligible to receive reimbursement dollars as part of their state payment. In the event that a district's prior year expenditures exceed that district's required spending by a threshold percentage (new percentage each year), the district will be eligible for **reimbursement of 40% of these disproportionate costs**. The required spending level is based upon state special education payments received plus a percentage of local contribution.

In addition to receiving the Related Services Block Grant for its participating members, cooperatives will be allocated payments for administrative and travel costs. These payments will be based on weighted statewide and individual cooperative travel and administrative factors. The cooperative will receive the weighted payment directly and no district or cooperative match is required. The allocation is spent by the cooperative for allowable special education costs in accordance with 20-7-431, MCA.

The district's special education allowable cost payments for the Special Education block grants and reimbursements are deposited in the general fund.

ESTABLISHING THE BASE & MAXIMUM GENERAL FUND BUDGETS

State law establishes a minimum (BASE) and maximum general fund budget range for each school district based on the district's basic and per-ANB entitlements, the four funding components and the special education allowable cost payment.

The BASE budget of a district is the sum of 80% of the district's basic entitlement, 80% of the district's per-ANB entitlement, 100% of the total quality educator payment, 100% of the total atrisk student payment, 100% of the total Indian Education for All payment, 100% of the total American Indian Achievement gap payment, 140% of the district's special education allowable cost payments, and 40% of the related services block grant received directly by the cooperative.

The maximum general fund budget of a district is the sum of 100% of the district's basic entitlement, 100% of the district's per-ANB entitlement, 100% of the total quality educator payment, 100% of the total at-risk payment, 100% of the total Indian Education for All payment, 100% of the total American Indian Achievement gap payment, 175% to 200% of the district's special education allowable cost payments, and 75% to 100% of the related services block grant received directly by the cooperative.

A district may adopt a budget equal to its prior year adopted budget plus any increases in the four funding components, and an FTK transition amount, if applicable, or the ensuing year's maximum budget, whichever is higher. However, voter approval is required for any increase in the over-BASE levy. See "FY2012-13 General Fund Budget and Voting Limits" on page 13 for more information.

FUNDING THE GENERAL FUND BUDGET

A district may fund its general fund budget from the following sources:

- a) Direct state aid equal to 44.7% of the district's basic and per-ANB entitlements;
- b) 100% of the total quality educator payment;
- c) 100% of the total at-risk payment;
- d) 100% of the total Indian Education for All payment;
- e) 100% of the American Indian Achievement gap payment;
- f) Special education allowable cost payments from the state (amounts directly paid to district);
- g) Non-levy revenue and fund balance reappropriated (fund balance reappropriated is limited to 15% of the maximum general fund budget);
- h) Non-voted local levies subsidized with GTB aid to fund up to 35.3% of its basic and per-ANB entitlement and 40% of its special education allowable cost payment, including the related services block grant paid directly to cooperatives; and
- i) Voted and non-voted local levies with no GTB aid for that portion of the general fund budget above 80% of the basic and per-ANB entitlements and 140% of special education allowable cost payments, and 40% of the related services block grant payment to the cooperative.

<u>In general, non-levy revenue sources must be **budgeted using actual prior year receipts**.</u> These sources include investment earnings, most taxes and fees, and miscellaneous revenues. [See page 25 for more information on Non-Levy Revenues.]

In FY 2001-02, several non-levy revenues were replaced by a School Block Grant (HB124). The block grant replaces the following revenue sources: Motor Vehicle Fees, corporation license taxes, SB184 property tax reimbursements, State PILT, and state aeronautics fees.

The School Block Grant must be budgeted in the general and transportation funds. For FY 2012-13, the general fund block grant amounts will equal the amount received in FY 2011-12.

The transportation block grant will equal the block grant amount received in FY2011-12.

Beginning in FY2003-04, a combined fund block grant was created. For FY2012-13, the combined block grant will equal the amount received in FY 2011-12. The combined block grant may be deposited into any budgeted fund or a combination of budgeted funds of the district.

Non-levy revenue sources that may be **estimated** include oil and gas production taxes, and tuition. Tuition revenue can be used to fund the Over-BASE budget. MAEFAIRS automatically applies tuition revenue to the Over-Base budget area.

Coal Gross Proceeds Taxes may be anticipated using estimates provided by the state Department of Revenue. The Department of Revenue will make those estimates available to districts in May for purposes of budgeting for the next year. OPI enters these revenues in MAEFAIRS.

GUARANTEED TAX BASE AID (GTB)

Each school district receives direct state aid for the first 44.7% of its basic and per-ANB entitlements and 100% of each of the quality educator, at-risk, Indian Education of All and American Indian Achievement gap payments. The district may also receive a special education allowable cost payment to fund a portion of the district's special education program. The next 35.3% of the basic and per-ANB entitlements plus up to 40% of the special education allowable cost payment, including the related services block grant received directly by a cooperative, is the **GTB budget area**. The GTB budget area is funded by fund balance reappropriated from the prior year (not to exceed 15% of the maximum general fund budget), non-levy revenues (i.e., School Block Grant, Oil and Gas Production Taxes, Coal Gross Proceeds, investment earnings, etc.), district property taxes, and state guaranteed tax base aid.

A district is eligible for guaranteed tax base aid if its GTB ratio is less than the statewide elementary or high school GTB ratio. If a district is eligible for GTB aid, then **for every mill levied to fund the GTB budget area**, the district will receive a subsidy from the state in the amount calculated on page 26, line f. A district first funds its budget with fund balance available for reappropriation and non-levy revenues before it levies property taxes to fund the GTB budget area.

The preliminary calculation of the weighted GTB subsidy per BASE mill is reported to districts in March. Any adjustments of GTB are reflected in the final subsidies shown on the final budget forms. OPI pays the GTB subsidy to eligible school districts twice per year, in November and May.

OPERATING RESERVES AND "EXCESS" RESERVES

At the end of the school fiscal year, a district may reserve a portion of its fund balance as an **operating reserve** for the following school year. The amount reserved may not exceed 10% of the final general fund budget for the following school year, or \$10,000, whichever is greater.

Fund balance must be used to fund the ensuing year's BASE budget (not to exceed 15% of the maximum general fund budget) unless it is set aside as an operating reserve or prior year excess reserves. A district that is eligible for GTB will experience a lower BASE mill levy and a lower GTB payment when fund balance is reappropriated to fund the BASE budget.

A district may exceed the 10% reserve limit when the source of the **excess reserves** is the unexpended balance of any amount received for a prior year from a protested tax settlement, tax audit, or delinquent taxes. (Retain documentation supporting the excess reserves for audit purposes.)

Excess reserves may be used to fund budget amendments for deferred projects; may be used in a subsequent year's budget to fund the over BASE portion of the budget; or may be retained for any number of years, as long as they remain unspent and the operating reserve limit is met.

Interest earned on excess reserves is not an allowable addition to excess reserves.

BUDGET AUTHORITY AND VOTER APPROVAL

If voter approval is required, the proposition must comply with 20-9-353, MCA.

SUGGESTED BALLOT LANGUAGE:

Districts must obtain voter approval for an increase in the amount needed for the Over-BASE tax levy from the prior year. Section 15-10-425, MCA, requires the ballot proposing to **increase the Over-BASE levy amount** to INCLUDE THE FOLLOWING INFORMATION:

PROPOSITION
Shall the district be authorized to impose an increase in local taxes to support the general fund in the amount of \$ which is approximately mills for the purpose of ? Passage of this proposal will increase the taxes on a home with a market value of \$100,000 by approximately \$ and on a home with a market value of \$200,000 by approximately \$ The durational limit of the levy is permanent once approved by the voters, assuming the district levies that amount each year thereafter. However, lowering over-BASE tax levies in any year will lower the amount of permissively over-BASE levies in subsequent years.
FOR the additional levy.AGAINST the additional levy.

NOTE: The ballot above presents one option. It contains all information required to be included per MCA 15-10-425. As long as key information is contained in the ballot, trustees are allowed to use their discretion in formulating ballot language for general fund elections.

The proposition lists an approximate number of mills, since taxable valuation and other information necessary to determine an exact number of mills is not available at the time of the election. Actual mills will commonly differ from this estimate.

How do you determine how much to ask voters to approve?

The **DOLLAR AMOUNT** to vote is any positive difference between the proposed budget and the "Highest Budget Without a Vote." (See charts on page 13)

The **NUMBER OF MILLS** to put on the ballot is the additional number of Over-BASE mills that will result if the proposition passes.

Calculate the mill increase by dividing the proposed dollar increase in the Over-BASE levy by the estimated district mill value. District mill value is the taxable valuation times 0.001.

Non-levy revenues or fund balance reappropriated, or excess reserves available to fund the over-BASE budget area do not need to be voted.

NOTE: DO NOT put the entire proposed budget amount on the ballot. Only the increase in the over-BASE levy from the previous year's over-BASE levy requires voter approval. Asking voter approval for the entire budget amount can cause potential legal questions about the meaning of the voter's approval or disapproval.

How do you determine "mill value?"

"Mill value" is the total taxable valuation of the district times 0.001.

For example: Taxable Valuation = \$1,234,267

Mill Value = $$1,234,267 \times 0.001 = $1,234.267$ per mill

Actual taxable valuation is reported to districts in August and is therefore not available at the time the ballot must be prepared for the May election. For purposes of voting requirements in January through May, districts may estimate mill value using one of the following options:

- 1) Taxable valuation from the previous year's final budget cover page; or
- 2) Taxable valuation reported on the "Preliminary Budget Data Sheet" posted on the Office of Public Instruction website (that valuation is more current, since it is the "final" prior year value updated by Department of Revenue in the prior December); or
- 3) An estimate based on information gathered through discussions with the local assessor.

For calculating final budget mills in August, the district and County Superintendent must use the taxable valuation delivered to the school district by the Assessment Division of the Department of Revenue in August or a subsequent official revision of that report.

DISTRIBUTION OF DIRECT STATE AID AND GTB PAYMENTS

Each district receives 10% of its direct state aid, special education, quality educator, at-risk, Indian Education for All and American Indian Achievement Gap payments each month during August through October, December through April, and the remainder in June. In November and May, eligible districts receive one-half of their annual guaranteed tax base aid. Direct state aid is not paid in November or May. OPI posts a monthly payment advice for each district clerk, county superintendent and county treasurer on the OPI website under "Entitlement Payments" at the following link:

http://www.opi.mt.gov/pub/index.php?dir=School Finance/Payments/

BUDGET AMENDMENTS

The trustees may pass a resolution to amend the budget for reasons provided in section 20-9-161, MCA. Before adopting a budget amendment *for an unusual enrollment increase*, the trustees must petition OPI and get approval to proceed. The school trustees, without the prior approval of OPI, may approve a budget amendment for any other legal reason. The October count (Fall Student Count For ANB Report) or February count (Spring Student Count For ANB Report) is used to calculate and support a budget amendment for an unanticipated enrollment increase. The state will pay additional direct state aid for a portion of a budget amendment adopted for an enrollment increase if the enrollment increase is greater than 6% of the enrollment used to calculate ANB.

The additional ANB approved under a budget amendment for an enrollment increase and the additional budget authority approved in the budget amendment ARE NOT USED in calculating the budget growth limits for the next school year, or in determining the 3 year average.

K-12 DISTRICTS

The per-ANB entitlement for a K-12 district is calculated by applying the funding formulas to the number of K-8 ANB and 9-12 ANB, the same as is done for elementary and high school districts.

The BASE-budget levy is prorated based on the ratio of each subsidized BASE budget of the elementary and high school program to the total subsidized BASE budget. The proration will be used to determine GTB aid separately for elementary and high school.

STATUS AND ANB CHANGES (K-12, Annexation/Consolidation, Isolation Status, Opening/Closing Schools, Anticipated ANB Increases, etc.)

Districts planning to change status for the next year must notify OPI as soon as possible, and not later than April 25. Because lead-time is necessary to process and record changes for a district, notifying OPI after April 25 may result in lower Title 1 allocations and delays in other funding areas.

FY 2012-13 General Fund Budget and Voting Limits

^{**}See hour requirements in ARM 10.20.102(7)

Other Notes: (1) If official count day is not a school day for your district, use the next pupil-instruction day.

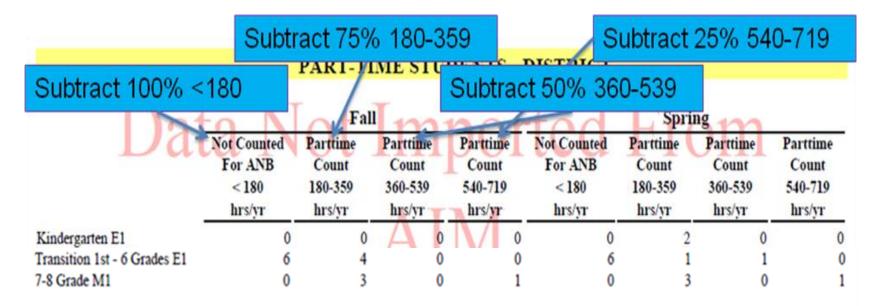

(2) If student is absent more than 10 consecutive days prior to the count date (excused or unexcused), student cannot be included in the count of Enrolled pupils

^{***&}quot;Early Graduates" are high school seniors who complete graduation requirements in 7 semesters, and are no longer enrolled as of the February count date.

High School: Additional Calculation for Determining ANB from Enrollment

Elementary: Additional Calculation for Determining ANB from Enrollment

BASIC ENTITLEMENT

Formula for computing a district's basic entitlement:

Elementary District K-6 or K-8 without an accredited 7th-8th grade program	Elementary District K-6 and 7-8 with an accredited 7th-8th grade program	High School District 9-12 program
\$ 23,402		
	\$ 23,402 (K-6)	
	\$ 66,275 (7-8)	
		\$ 260,099
(a) \$ 23,402	(b) \$ 89,677	(c) \$ 260,099

[Enter Basic Entitlement on p. 17 (a) and/or (e)]

- -- If 7th-8th grade students attend a school without an accredited 7th-8th grade, middle school or junior high school program, the district calculates its basic entitlement using formula (a).
- -- If 7th-8th grade students attend a school with an accredited 7th-8th grade, middle school or junior high school program, the district calculates its basic entitlement using formula (b).
- -- A district with a school that is more than 20 miles from any other school of the district calculates the basic entitlement for that school as if the school were in a separate district (i.e., as a separate budget unit). OPI approval is required for additional budget units.

^{*} NOTE:

- -- If 7th-8th grade students attend a school without an accredited 7th-8th grade, middle school or junior high school program, the district calculates its per-ANB entitlement using elementary formula (a) or (b).
- -- If 7th-8th grade students attend a school with an accredited 7th-8th grade, middle school or junior high school program, the district calculates its per-ANB entitlement by using the K-6 ANB in elementary formula (a) or (b) and the 7-8 ANB in high school formula (c) or (d).
- -- A district with a school that is more than 20 miles from any other school of the district calculates its per-ANB entitlement for that school as if the school were a separate district (i.e., as a separate district). OPI approval is required for additional budget units.

ANB Based Funding

Formula for computing ANB Based Funding:
This calculation is used exclusively to determine the ANB that generates the greatest maximum general fund budget.

Elementary ANB (K-8)	Ele	Elementary Current Year ANB (K-8)		ementary 3 Year Average ANB (K-8)

SPECIAL EDUCATION FUNDING AND BUDGET

Formula uses current year (2013) ANB (page 14 line w)

and the state of t			~	
SPECIAL EDUCATION ALLOWABLE COST PAYMENTS:		Elementary (K-6) and (7-8)	High School (9-12)	K-12 (Total Elem and HS)
Instructional Block Grant (Budget Data Sheet, Line 7a) [IBG rate X FY2012-13 Current Year ANB]	(a)			
Related Services Block Grant (Budget Data Sheet, Line 7b) If co-op member, enter 0. If NOT a co-op member, enter (RSBG rate X FY2012-13 current year ANB]	(b)			
Reimbursement for Disproportionate Costs For Elem or HS Districts: [Budget Data Sheet, Line 7c]	(c)			
For K-12 Districts: ELEM: Budget Data Sheet, page 2				
HS: Budget Data Sheet, page 2				
Total Special Education Allowable Cost Payment		[Enter on p.19 or	21, line (g) AND 20 (r) o	or 22 (r)
(district) $[a+b+c]$	(d)	AND p	.26 (3b) or 27, line (3b)]	
(district) [a + b + c]	(4)			
PRORATED COOPERATIVE COST PAYMENTS:				
Related Services Block Grant (Budget Data Sheet, Line 7e)		[Enter	on p.19 or 21, line (h)]
If NOT in cooperative, enter 0. If a coop member, enter (RSBG rate X FY2012-13 current year ANB)]	(e)			
LOCAL MATCH AND REQUIRED SPENDING:				
REQUIRED LOCAL MATCH [(a + b + e) X 0.33]	(f)			
SPECIAL ED SPENDING TO AVOID REVERSION				
[a+b+f] You must spend this amount in order to avoid "reverting" (refunding) state special education funds.	(g)			

- -- Districts must spend \$1 of local money for every \$3 of state funding received for special education block grants. If match is not provided, or if state funding is not spent, the state money is proportionally "reverted" from the next year's special education funding. "Reverted" means the unspent or unmatched amount is subtracted from special education payments in the next year.
- -- "Match" and any expenditures of state special education funding must be paid for "allowable costs" as defined by 20-7-431, MCA. Match may include allowable special education costs using expenditure program 280 in funds 01 General Fund, 24 Metal Mines and Tax Reserve Fund, 25 State Mining Impact Fund, and 26 Impact Aid Fund. Match may not include money received for services provided by your district to other districts or cooperatives; prorated costs of operations and maintenance, such as heat, lights, repairs, minor remodeling, service contracts on equipment and security services; transportation costs; and retirement costs (i.e., retirement fund expenditures). Receipts for special education services provided to other districts or cooperatives must be deposited in the miscellaneous programs fund and spent within the year received.
- -- <u>Match for the instructional block grant</u> may include direct expenditures of the district OR payments or transfers to the district's cooperative for special education purposes (X01-280-6200-920). If the district is a cooperative member, the <u>match for the related services block grant</u> MUST be paid to the district's cooperative. If the district is not a member of a cooperative, the match for the related services block grant must be made in direct district expenditures for special education allowable costs.
- -- State special education funding received by a district must be deposited in the general fund. State special education funding received by a cooperative must be deposited to the cooperative fund (382).

GENERAL FUND GUARANTEED TAX BASE AID GTB RATIOS AND SUBSIDIES

This schedule can be used to verify the Weighted GTB subsidy reported on the Budget Data Sheet.

FY 2013			
I. STATEWIDE GTB RATIO:			
Statewide taxable valuation (Tax Year 2011) **	(a)	\$2,345,12	21,343
2011-12 Statewide GTB subsidized budget area for <u>elementary</u> districts: 35.3% of the Basic Entitlement + 35.3% of the Per-ANB Entitlement + 40% of special education allowable cost payments to elementary districts (including prorated coop costs)	(b)	\$204,500,35	5.19
2011-12 Statewide GTB subsidized budget area for <u>high school</u> districts: 35.3% of the Basic Entitlement + 35.3% of the Per-ANB Entitlement + 40% of special education allowable cost payments to high school districts (including prorated coop costs)	(c)	\$117,528,40	5.23
Elementary GTB ratio: [(a) divided by (b)] x 193%	(d)		
High School GTB ratio: [(a) divided by (c)] x 193%	(e)		
II. DISTRICT GTB SUBSIDY:		ELEM	HS
Statewide GTB ratio [elementary from (d) above, or high school from (e) above]	(a)		
2011-12 District GTB subsidized budget area: 35.3% of the Basic Entitlement + 35.3% of the Per-ANB Entitlement [Budget Data Sheet, Page 3]	(b)		
40% of (2011-12 District special education allowable cost payment plus district prorated coop cost payment) [Budget Data Sheet, Page 3]	(c)		
District's FY 2011-12 guaranteed tax base (a) x [(b)+ (c)]	(d)		
District taxable valuation (Tax Year 2011) ** [Budget Data Sheet, Page 3]	(e)		
If (d) is greater than (e), then: District's FY 2012-13 GTB subsidy per BASE mill [(d)-(e)] x .001 (Round to whole number)	(f)		_
* See Budget Data Sheet, Page 3 for district's certified GTB subsidy.		[Enter GTB sub on page 27 or 2	

^{**} A final determination of the Taxable Value by the Department of Revenue based on information delivered to the County Clerk and Recorder as required in 15-10-305, MCA (December). Tax Increment Districts are excluded from taxable valuations used in GTB calculations.

⁻⁻GTB ratios for the ensuing year are calculated using prior year taxable values and GTB subsidized area.

⁻⁻GTB ratios on I(d) and I(e) are rounded to two decimal places.

⁻⁻GTB ratios for K-12 districts are calculated separately as Elementary and High School Programs

CALCULATING GENERAL FUND LEVIES--Elementary and High School Districts

FUNDING THE BASE BUDGET:

1. Proposed FY 2012-13 General Fund Budget (page 24, Line 8)	(1)
2. BASE Budget Adopted (FY 2012-13 BASE from page 24, line 1)	(2)
3. a. Direct State Aid [44.7% of Entitlements] [0.447 X page 19, lines (a) + (b)]	(3a)
b. Special Education Allowable Costs Funding (page 18, Line (d))	(3b)
c. Quality Educator Component [FTE X \$3,042][Budget Data Sheet, Line 3]	
d. At Risk Component [Budget Data Sheet, Line 4]	(3c) (3d)
e. Indian Ed. For All Component [ANB X \$20.40] minimum \$100.00	
[Budget Data Sheet, Line 5]	(3e)
f. American Indian Student Achievement Gap Component	(3f)
[Number of Indian Students X \$200.00][Budget Data Sheet, Line 6]	(31)
4. a. Total Unreserved Fund Balance for Budgeting (4a)	
b. Prior Yr "Excess Reserves" Used to Fund	
Over-BASE Budget (4b)	
c. Unreserved Fund Balance for Funding BASE and Over-BASE (Line 4a - Line 4b)	(4c)
5. Non-Levy Revenues [Enter Tuition Revenue on Line (13), unless OverBASE budget = Zero]	
a. Total "Actual" (See page 2) (5a)	
b. Total "Anticipated" (See page 2) (5b)	
c. Total "Other" " (See page 25) (5c)	(5.4)
d. Total Non-Levy Revenues for BASE [Line 5a + Line 5b + Line 5c]	(5d)
6. Tax Levy and GTB Needed to Fund BASE Budget (Line 2 - Line 3a - Line 3b - Line 3c - Line 3d - Line 3e - Line 3f - Line 4c - Line 5d) (If < 0, enter 0)	(6)
	(6)
7. District Mill Value (Estimate using most updated Taxable Value X .001)	(7)
8. Weighted GTB per BASE Mill (Budget Data Sheet, Page 3 OR page 2 line (f))	(8)
9. Adjusted Mill Value (Line 7 + Line 8)	(9)
10. BASE Mills Required (Line 6 divided by Line 9) (ROUND TO XX.XX)	(10)
FUNDING THE OVER-BASE BUDGET: (Includes any Over-Maximum	Budget)
	440
11. Amount Budgeted Over-BASE (Line 1 - Line 2)	(11)
12. Prior Year General Fund "Excess Reserves" Used to Fund the Over-BASE Budget (from 4b)	(12)
13. a. Fund Balance and Non-Levy Revenues Available to Fund the Over-BASE	. ,
Budget (Line 3a + Line 3b + Line 3c + Line 3d + Line 3e + Line 3f + Line 4c + Line 5d +	(13a)
Line 6 - Line 2)	
b. Total "Tuition to Fund Over-BASE" (See page 25)	(13b)
14. Tax Levy Needed to Fund Over-BASE Budget (Line 11 - Line 12 - Line 13a - Line 13b)	(14)
15. Over-BASE Mills Required (Line 14 divided by Line 7) (ROUND TO XX.XX)	(15)
ARE FUNDING SOURCES ADEQUATE TO COVER BUDGET?	
16. a. Direct State Aid (Line 3a)	
10. a. Breet State Tha (Ellie Sa)	(16a)
b. Special Education Funding (Line 3b)	(16a)(16b)
b. Special Education Funding (Line 3b)	(16b)
b. Special Education Funding (Line 3b)c. Quality Educator Component (Line 3c)d. At Risk Component (Line 3d)	(16b) (16c)

Estimating the Tax Impact of Mill Increases for School Ballot Issues

15-10-425, MCA requires that ballots for levy elections must state the estimated tax impact of the proposed ballot issue on the taxes assessed on a home with a market value of \$100,000 and \$200,000. In addition, any other value of home can be stated. This applies to the ballot for the general fund levy election.

This example shows how to calculate the tax impact of a FY 2012-13 general fund levy increase of \$6,800 on a house valued at \$50,000, \$100,000 and \$200,000. This example assumes an elementary district is proposing a tax increase from \$35,700 to \$42,500 and that taxable valuation was \$1,008,000 for tax year 2011 and is estimated to be \$1,000,000 for tax year 2012.

1	Home with Market Value of:		\$ 50,000	\$ 100,000	\$ 200,000
2	Less: Residential Exemption for Tax Year 2012 44.0% MCA 15-6-222		\$22,000	\$44,000	\$88,000
3.	Equals: Market Value after Exemption (line 1 – line 2)		\$28,000	\$56,000	\$112,000
4	Times: Assessment Rate (MCA 15-6-134)	2.63% 0.0263			
5	Equals: Taxable Valuation (line 3 X line 4	4)	\$736.40	\$1,472.80	\$2,945.60
6	Estimated Mills for Ballot for FY 2012-13 Over-BASE Budget: *				
	Proposed mills for FY 2012-13: FY2012-13 Over-BASE Levy Amt divided by (2012 Taxable Valuation X 0.001) = \$42,500 divided by (\$1,000,000 X 0.001) =	42.50 mills	Example		
			Elem Mills		
			HS or K-12 Mills		
7	Actual Mills from Prior Year (FY 2011-12)				
	FY2011-12 Actual Over-BASE Levy Amt divided by (2011 Taxable Valuation X 0.001) = \$35,700 divided by (\$1,008,000 X 0.001) =	35.42 mills	Example		
			Elem Mills		
			HS or K-12 Mills		
8	Proposed Increase (Decrease) in Mills:				
	(line 6 – line 7)	7.08 mills	Example		
			Elem Mills		
			HS or K-12 Mills		
9	Impact of Proposed Tax Increase: (line 8 X line 5 X 0.001)	1	[May include on page 29 with *C and *D)	[Insert at *C on page 1]	[Insert at * D on page 1]
		Example	\$5.21	\$10.43	\$20.85
		Elementary			
		HS or K-12			

^{*} For a general fund election, the proposed mills would be the number of Over-BASE mills needed to support the budget for the coming year. For other types of school elections, enter the estimated number of mills estimated to be levied if the election passes.

Other requirements of 15-10-425, MCA:

- a. Disclosure requirements apply to a regular or special school election that proposes to impose or raise a mill levy.
- b. The ballot under 15-10-425, MCA, must include: specific purpose for which the money will be used, specific amount to be raised, approximate number of mills required, and durational limit, if any (i.e., If the law allows you to run the election once to levy for a stated number of years, state that number of years. Otherwise, the election applies for one year only.)
- c. The ballot must state the tax impacts for homes valued at \$100,000 and \$200,000 and MAY ALSO state the tax impact for a home of another value.

^{**} For a general fund election, this amount would be the number of Over-BASE mills raised to support the prior year's general fund budget (Final Budget form, Line (V-K) or Budget Data Sheet, Line 4e). For other types of school elections, enter the number of mills levied for the fund for the prior year.

Ballots and Propositions

(a)	Proposed Over-BASE Levy	
	[Page 27 or 28, Line 14]	
(b)	Minus: Highest levy Over Base authorized or imposed between FY08 and	
	FY12	
	[Page 23, Line H2 or Budget Data Sheet, Line 9e]
